COMMERCIAL Loss Recovery Insurance

What is Commercial Loss Recovery Insurance?

Commercial Loss Recovery Insurance provides you with and pays the fees for a qualified independent Claims Expert to prepare, present and negotiate certain insurance claims with your commercial insurer.

Why you should have Commercial Loss Recovery Insurance

In recent years commercial insurance claims have become more technical, complex and time consuming for all parties involved. Your commercial insurer will invariably appoint their own loss adjuster to establish if a claim is a covered loss under the policy and to protect them against over payment. It is your responsibility to prepare the claim and to ensure you claim for everything you are entitled to.

Commercial Loss Recovery Insurance provides you with your own Claims Expert to protect your interests and to remove the burden of spending countless hours preparing your claim. Your Claims Expert will be a fully qualified Chartered Loss Adjuster who will ensure that you receive the best help possible throughout the process.

The Commercial Loss Recovery Claims Service

We offer an unrivalled claim service to policyholders and in the event of a covered loss for property or business interruption, simply contact your insurance broker. They will arrange for you to be contacted by your Claims Expert who will make a personal visit to begin the process. Typically the visit happens within 24 hours of the loss being notified to us.

From that moment on you will enjoy the peace of mind of having a Claims Expert handling the loss on your behalf.
